## Des Moines Laboratory Update

**Date: September 27<sup>th</sup>, 2024**

---

### **Immunoglobulin IgM Turnaround Time:**

In February 2024, Siemens issued a product recall for the Atellica IgM assay, with the understanding that this would be a temporary issue. In response to the ongoing IgM product recall, MercyOne Des Moines will batch test IgM testing until further notice. IgM testing ordered individually or as part of the IMM PAN care set will be completed on Thursday of each week. IgA and IgG testing will be performed upon receipt into the laboratory. We would like to apologize for the extended IgM turnaround times and for any inconvenience related to this issue.

Please contact Jen Lehman with any questions at 515-247-4484.

Thank you for choosing MercyOne Des Moines Laboratory.
