Des Moines Laboratory

Date: September 8th, 2023

Semen Analysis:

Due to a short specimen stability (24 hours from collection to test performance) and the need to refer this testing to an outside laboratory, MercyOne Des Moines Laboratory must receive samples submitted for Semen Analysis with Strict Morphology [SEMB] timely to ensure transport of specimen to the outside laboratory. Please instruct patients to deliver specimens Monday – Thursday before 2pm to ensure testing can be performed as ordered.

MercyOne PSC:

Just as a reminder, MercyOne Ankeny PSC is closed. Please see the following information for the two available PSC's.
