Test Name: Stone Risk Diagnostic Profile. *PREVIOUSLY:* Supersaturation Urine Profile, 24 HR (SAT24).

Performing Laboratory: Warde Medical Laboratory. Warde Code: KIDST

Acceptable Specimens: Urine collected for 24 hours.

Minimum Volume: 30 mL

Stability: Room Temp: 10 days (preferred); Refrig: 10 days; and Frozen: Unacceptable.

CPT: 82140, 82340, 82507, 82570, 83735, 83945, 83986, 84105, 84133, 84300, 84392, and 84560.

Client List Price: \$244.00

Patient/Insurance Price: \$244.00

Test Name: Heavy Metals Urine Random. *PREVIOUSLY:* Heavy Metals Creat Ratio Urine Random (HMETUR)

Performing Laboratory: Warde Medical Laboratory. Warde Code: UHVMR

Test Name: ADAMTS13 Activity w Rflx. *PREVIOUSLY:* ADAMTS13 Inhibitor Screen (ADAM13)

Performing Laboratory: Warde Medical Laboratory. Warde Code: ADMTS.

Note: Additional charges will apply if reflex testing is needed.

Test Name: Urine Comprehensive Drug Screen. *PREVIOUSLY:* Controlled Substance Monitoring Panel (PNCSU)

Performing Laboratory: Warde Medical Laboratory. Warde Code: UDS01

Acceptable Specimens: Random urine collected in sterile container.

Minimum Volume: 15 mL

Stability: Room Temp: 48 hours; Refrig: 14 days (preferred); and Frozen: 30 days.

Rejection: Urine catheter cup (with needle).

CPT: 80307, 80377 (G0482)

Client List Price: \$131.00

Patient/Insurance Price: \$131.00

Thank you for choosing MercyOne Des Moines Laboratory.

Test Name: Blastomyces Ag Quant. *PREVIOUSLY:* Blastomyces Ag Quant Fluid (FBMS)
Performing Laboratory: Warde Medical Laboratory. Warde Code: BLQA
Acceptable Specimens: Serum from: Gold SST or Red top; Plasma from: Lavender, green sodium or lithium heparin, and light blue sodium citrate; Urine, CSF, BAL, and Body Fluids: sterile container.
Minimum Volume: 1 mL for blood specimens and 2 mL for Urine, CSF, BAL, and Body Fluids.
Stability: Refrig: 14 days (preferred), Rm Temp: 14 days, and Frozen: Indefinite.
Rejection: Tissue, sputum, bronchial brushings, stool, FNA, biopsy, tracheal or bone marrow aspirate.
Specimens too viscous to pipette and specimens in transport media, fixative or isolator tubes.

Test Name: Histoplasma Antigen, Blood (HISAG). *PREVIOUSLY:* Histoplasma and Blastomyces Ag Blood (HIBAG)
Performing Laboratory: Warde Medical Laboratory. Warde Code: MVHIS
Acceptable Specimens: Serum from Gold SST.
Minimum Volume: 2 mL
Stability: Room Temp: 14 days; **Refrig:** 14 days (preferred); and **Frozen:** Indefinite.
CPT: 87385
Client List Price: \$157.00
Patient/Insurance Price: \$157.00

Test Name: Multiple Sclerosis Panel w/Bands (MSP). *PREVIOUSLY:* Multiple Sclerosis Panel w/Bands Rflx (MSP3)
Performing Laboratory: Warde Medical Laboratory. Warde Code: MSP
Acceptable Specimens: Serum from Gold SST and CSF (collected in sterile container). Both specimens required.
Minimum Volume: 1 mL each serum and CSF.
Stability: Refrig: 7 days (preferred) and **Frozen:** 1 month.
Rejection: Room temperature specimens.
CPT: 82040, 82042, 82784 X2, and 83916
Client List Price: \$60.00
Patient/Insurance Price: \$80.00

Specimen Requirement Changes:

Test Name: Alpha 1 Antitrypsin Phenotype (A1APHENO)
Performing Laboratory: Warde Medical Laboratory. Warde Code: A1AP
Acceptable Specimens: Serum from Gold SST Only

Test Name: Catecholamines Fractionated (FXCAT)
Performing Laboratory: Warde Medical Laboratory. Warde Code: CATFP
Acceptable Specimens: Plasma Sodium Heparin or Lithium Heparin. Collect in Pre-Chilled Tube.
Minimum Volume: 3 mL

Test Name: Hepatitis C Virus Genotype (HCVGTY)
Performing Laboratory: Warde Medical Laboratory. Warde Code: HCVGO
Acceptable Specimens: Plasma from EDTA Tube or Serum from Red Top Tube.

Test Name: Inflammatory Bowel Disease Panel (IBDP)
Performing Laboratory: Warde Medical Laboratory. Warde Code: IBDP
Acceptable Specimens: Serum from Gold SST.

Thank you for choosing MercyOne Des Moines Laboratory.

Test Name: PI Linked Antigen (PILINKAG)

Performing Laboratory: Warde Medical Laboratory. Warde Code: PNHF

Acceptable Specimens: Whole blood from Sodium Heparin, EDTA, or ACD A. Send in original collection tube.

Minimum Volume: 3 mL

Test Name: Pyruvic Acid (PYRUVIC)

Performing Laboratory: Warde Medical Laboratory. Warde Code: PYRUA

Acceptable Specimens: Plasma from Sodium or Lithium Heparin Tube. Call lab for instructions.

Test Name: Thyroxine Binding Globulin (TBG)

Performing Laboratory: Warde Medical Laboratory. Warde Code: TBG

Acceptable Specimens: Serum from Gold SST or Red Top Tube.

Minimum Volume: 1 mL

Stability: Refrig: 2 days and Frozen: 30 days (preferred)

New Orderables:

Test Name: Oligoclonal Bands (OBAND)

Performing Laboratory: Warde Medical Laboratory. Warde Code: OBAND

Acceptable Specimens: Serum from Gold SST and CSF collected in sterile container. Both specimens required.

Minimum Volume: 1 mL each serum and CSF.

Stability: Refrig: 7 days (preferred) and Frozen: 30 days.

Rejection: Room temperature specimens.

CPT:83916

Client List Price: \$35.00

Patient/Insurance Price: \$35.00

Test Name: Heavy Metals Screen Urine Timed (HVYUT)

Performing Laboratory: Warde Medical Laboratory. Warde Code: UHMT

Acceptable Specimens: Urine collected for 24 hours.

Minimum Volume: 3 mL

Stability: Room Temp: 48 hours; Refrig: 5 days (preferred); and Frozen: 14 days.

CPT: 82175, 83655, and 83825.

Client List Price: \$45.00

Patient/Insurance Price: \$68.00

Test Name: Rabies AB, IGG (RABIGG)

Performing Laboratory: Warde Medical Laboratory. Warde Code: RABAR

Acceptable Specimens: Serum from Gold SST or Red Top Tube.

Minimum Volume: 1 mL

Stability: Room Temp: 7 days; Refrig: 14 days (preferred), and Frozen: 1 month.

CPT: 86382

Client List Price: \$119.00

Patient/Insurance Price: \$119.00

Thank you for choosing MercyOne Des Moines Laboratory.

Test Name: Fentanyl and Metabolite, Serum (FENTM)

Performing Laboratory: Warde Medical Laboratory. Warde Code: FENTM

Acceptable Specimens: Serum from Red top tube or plasma from lavender tube.

Minimum Volume: 1 mL

Stability: Room Temp: 14 days; Refrig: 30 days (preferred); Frozen: 10 months.

Rejection: Serum from Gold SST or Plasma Green PST tubes.

CPT: 80354 (G0480)

Client List Price: \$96.00

Patient/Insurance Price: \$96.00

Test Name: Polio Virus Antibody (POLIO AB)

Performing Laboratory: Warde Medical Laboratory. Warde Code: POLNL

Acceptable Specimens: Serum from Gold SST or Red Top Tube.

Minimum Volume: 1 mL

Stability: Room Temp: 5 days; Refrig: 14 days (preferred); and Frozen: 30 days.

Rejection: Lipemic specimens

CPT: 86382 X2

Client List Price: \$232.00

Patient/Insurance Price: \$232.00

Specimen Handling Changes:

Test Name: Stone (Calculus) Analysis (CASA)

Performing Laboratory: Warde Medical Laboratory. Warde Code: CALCI

Acceptable Specimens: Kidney stone.

Specimen Preparation: Collect stone, fragments or filtered material and place in a clean, dry, sterile screw-capped plastic container. Send room temperature. Stones must be of kidney origin (kidney, ureter, bladder). Please provide source on container (if known). If multiple stones need testing, each stone must be placed in a separate container. An order must be sent for each stone. Please call lab for handling of stones of non-renal origin (e.g. gallbladder).

Stability: Room Temp: 12 months (preferred); Refrig: 12 months; and Frozen: 12 months.

Rejection: Samples should be free of tissue, liquids, and non-stone debris. Samples wrapped in or attached to tape may prevent analysis. Do not send sample with a collection device (filter, syringe etc). Samples in preservative are not acceptable.

CPT: 82365

Client List Price: \$38.00

Patient/Insurance Price: \$38.00

Thank you for choosing MercyOne Des Moines Laboratory.

PATIENT SERVICE CENTERS:

Orders for Specimen Collection:

Please be aware that orders for lab testing are valid for 30 days. Failure to present for specimen collection within 30 days will result in delays as a new order will be necessary before collection can occur. If you intend to have a patient drawn at a time greater than 30 days, the order must be placed as a **Future Order**.

Patient Service Center Expanded Hours

The MercyOne Clive and Des Moines Patient Service Centers locations are now open from 7am to 6pm. MercyOne Ankeny PSC remains open from 7 am to 3:30 pm. Patients are encouraged to schedule their appointment at the Draw Stations on our website. Please see the link below.
