Des Moines Laboratory

Date: December 14th, 2023

Courier Courtesy Call:

Winter weather is upon us and our couriers will continue to provide courier services to support patient lab testing. Weather may also affect patient travel, resulting in reduced sample collection and pickup volumes. If you have an event in which a courier is not needed, would you work with your teams to place a courtesy call to our call center to waive the courier pickup for the day (or at a specific pickup time)? This will help save a trip and reduce unnecessary risk during inclement weather.

MercyOne Client Support Line: (515) 247-4439
