Urgent Update

Date: 03/23/2022

IMPORTANT NOTIFICATION FOR ALL ATLAS AND INTERFACED USERS

We have been notified by Atlas that our MeadCo ScriptX license is expiring and an upgrade to MeadCo is required ASAP.

Please note that the **deadline to have the update completed is April 1** and that Atlas labels and requisitions will not print after that date if the update is not completed.

Please use the following link to upgrade all workstations that use Atlas and/or have the Atlas label printer and Atlas Auto-print program installed.
